course information

Meridian offer a range of scheduled courses from introductory to advanced and programming at our training centres in Henley–on–Thames, Basingstoke and Oxford.

To ensure that each delegate receives the **highest level** of individual tuition, each course runs with a maximum of 6 delegates with a dedicated workstation using either Macintosh or Windows.

tailored courses

Because we all have different levels of knowledge, Meridian tailors courses to suit specific requirements. Our tailored courses can be held either at our training centres or on site at your premises.

a day with meridian

Delegates are asked to arrive between 9:00am and 9:15am for a morning coffee. Regular breaks are taken throughout the day including a **free lunch** at a local pub.

The day finishes at 4:30pm, followed by a brief feedback session with our Quality Manager.

post-course support

No one can be expected to remember absolutely everything they learn during the course.

To back up the training each delegate receives a comprehensive set of notes and is entitled to 90 days free telephone support.

we are accredited

Meridian has been awarded accreditations with the leading software suppliers including:

Adobe

Meridian works closely with Adobe and has been an ACTP (Adobe Certified Training Partner) for over five years. Our trainers have taken and passed the relevant product exams in order to keep our accreditation up to date.

Macromedia

Meridian is proud to be an established authorised training centre for Macromedia – the leading web building software manufacturer.

Microsoft

Meridian is a Microsoft Certified Partner (MCP).

your**confidence**

confidence

One of the core ingredients of any Meridian course is the focus on giving delegates the **confidence** to learn and experiment. Training should add lasting value by transferring skills that will continue to develop long after the tuition is complete.

We provide each delegate with the confidence to not only learn how to use a software package, but to **make it work** for their business environment.
